

FAST AND EFFICIENT BATCH MIXING

SHANGHAI MIXER TYPE SMX AND SMXD

ANDRITZ

Mixer for a wide range of applications

The ANDRITZ SMX and SMXD series mixers are proven to deliver fast and efficient mixing that is ideal for a variety of powdered and specialty granular materials.

Fast, high-quality mixing, and complete material discharge are all vital for the optimal operation of both the pellet mills and extruder as well as ideal animal performance. Therefore, ANDRITZ supplies two different batch mixers suited for your particular needs.

Single shaft mixer

Double shaft mixer

SMX mixer

SMX SERIES SINGLE-SHAFT MIXER FEATURES

- **Homogeneous Mixing:** The rotor of the machine is equipped with two layers of paddles; this configuration strengthens the distribution of particles and decrease mixing time while still achieving homogeneity.
- **Low Residue:** The opening range of the discharge door as well as the optimized space between the paddles and housing virtually eliminates residue buildup and prevents cross contamination.
- **No leakage:** The closed shaft design and the silicone rubber seal on the discharge door both work to prevent material leakage.
- **Humanization:** The wide access door makes the machine easy to clean and maintain and the protection switch provides an additional guarantee of personal safety.

SMXD mixer

SMXD SERIES DOUBLE-SHAFT MIXER FEATURES

- **Short mixing time and high homogeneity:** Homogeneous mixing occurs within 45~60s amounts to CV≤5%, which largely reduces the mixing time; saving energy and improving productivity.
- **Large effective volume for liquid addition:** A variety of liquid can be added, such as water, molasses, oil etc. according to demands.
- **Chain driven design:** The SMXD is smooth running, features low power loss, and a long service life thanks to the chain and wheel drive.
- **Unique structure:** The unique shape and structure offers fast discharge with minimal residue buildup but requires little floor space.

TECHNICAL SPECIFICATIONS

Model	Volume m ³	Power kW	Capacity kg/batch	A mm	B mm	C mm	D mm
SMX1	1	11	500	1320	2843	1744	1200
SMX2	2	18.5	1000	1630	3253	2236	1460
SMX3	3	22	1500	1800	3651	2385	1600
SMX4	4	37	2000	1950	3927	2635	1700
SMX6	6	55	3000	2140	4542	2740	1800
SMXD1	1	11	500	2210	2124	1711	1500
SMXD2	2	18.5	1000	2645	2650	2082	1670
SMXD4	4	30	2000	3052	2842	2283	1865
SMXD7	7	45	3000	3624	3243	2482	2100
SMXD8	8	55	4000	3724	3518	2683	2100

GLOBAL SUPPLIER – LOCAL PRESENCE

ANDRITZ Feed & Biofuel is truly a global organization – with local presence. We are represented all over the world. The global market is served from five main locations in Denmark, China, Netherlands, USA, and Slovakia.

In addition, ANDRITZ Feed & Biofuel operates from several strategic regional sales, engineering, and service locations in Australia, Bangladesh, Brazil, Canada, Chile, Dubai, France, Germany, India, Italy, Mexico, Poland, South Africa, Thailand, Turkey, the UK and Vietnam – and is also represented locally by agents and distributors in many other markets.
